LIBERTERREAN DEADLINE IS: Monday, July 2, 1984

## SEASON SEPARATIONS:

Please notice all Diplomacy games start with 3 seasons to each year: Spring, Fall, and Winter. Usually, for convenience, I begin combining Winter and Spring along about the 3d or 4th year of a game. But I will separate these seasons upon the request of any player in the game. Notice 1983 AG has no combined seasons -- they are always separated. The only time I do not separate seasons upon a request is upon the occasion in which a player submits moves anyway, along with the request for separation.

## PBEM DIPLOMACY:

I am moderating games of PBEM Diplomacy for users of the ACE BBS. LIB subscribers will pay no more for a PBEM game than for a PBM game in the LIB, except for your long-distance phone charges. The BBS number is: (503) 343-4352.

Since I've taken the LIB BBS off-line, you may also leave messages for me on that BBS. The SYSOP wants all game messages to me to be left on the Diplomacy message file (that's file #6 on the "A" message file directory).

Also, I'm informed the ACEBBS uses 6-character passwords. So when you send me a password, make sure they are only 6 characters long.

## LIBOURSE:

Players in the Libourse trade in the currencies of the Top Board Game, 1983 AG. You may join the game at any time by submitting the \$3 game fee together with your request for assignment and a name for your country (only Top Board players may use the name of their position in the Diplomacy game).

Your country will have characteristics in the following categories: population, treasury, agriculture, military, industry, mineral resources, communications, transportation and utilities. You will receive approximately \$7,000 in currency of the surviving Diplomacy positions in the Top Board game. You must improve your country in all categories to do well. And you may attack one other Libourse country each turn. Random events may help or hinder your progress.

## PRESS:

MOSCOW: Ok, guys, FGR clearly has it, why not vote yes and get it over with? I do.

Jim, what will our Diplomacy points be if there is a draw now? Also, I will be at PACIFICOM over Labor Day. My marriage should be in '85.

[If all 7 positions survive with no one taking an 18 center win, Russia will have the most points at 4.24, with 8 centers. England, with one center, will have 0.53 points. Those are points for placing, without figuring the supply center averages, which are added to these points.]

VIENNA: Who is voting against the draw? Not me.

*And then...*

### PRESS:

**AUSTRIA>TURKEY:** What do you mean? How peaceful can you get?

**CAMPO BASSO:** Russian Ambassador found dead! Russia's Ambassador to Italy was found dead in a small cantina in the Neapolitan suburb of Campo Basso. The Ambassador's death was the tragic result of a life of too much drink. Way too much drink. His death perhaps explains the total lack of negotiations on the part of the Tsarist government. The Italian government has respectfully requested a replacement be sent to Rome immediately and has promised an investigation will commence into the exact cause of death.

Hi Larry—  
 No, I didn't receive  
 anything about the future &  
 study results, but I am  
 interested to see what they  
 show.  
 I've never taken a  
 player roster at Pacific  
 which includes addresses

 year I will, if I remember  
 it's a lot better, and I'm busy  
 all the time there, especially
